From the Joint Director of Agriculture, T3.2403/48 dated 29-11-48.

ORDER:

In G.O.Ms.No.946, Development, dated 5-3-47 the Government approved a set of rules for hiring machinery like tractors, etc. possessed by the Agricultural Department. Rule 26 (b) of those rules provides for the hiring of tractors to ryots either with ploughs or with bull dozers. The Joint Director of Agriculture has now reported that he has been receiving applications for the hire of ploughs only (i.e. without tractors). He has therefore suggested that ploughs and harrow may be allowed to be hired to ryots (without tractors) subject to the following conditions:.

(1) The hire charge for mould board plough will be Rs.3/- per acre subject to a minimum of Rs.12/- per day.
(2) The hire charge for disc harrow will be Re.1-8-0 per hour subject to a minimum of Rs.10/- per day.
(3) If any part of the plough is broken or goes out of order the repay charges should be borne by the party.
(4) The transport charge of the plough to and from the place of hiring should be borne by the party.
(5) The plough should be returned to the Department if required urgently in the meantime.

2. His Excellency the Governor of Madras approves the proposals of the Joint Director of Agriculture and direct that departmental ploughs and harrows may be hired independently of tractors to the agriculturists, subject to the following further condition. The hiring of the departmental ploughs and harrow without tractors should not operate to the detriment of ryots who want to hire the equipment with along tractors. Bloughs and harrows should be hired separately only if and so long as they are not required for use or hire with tractors.

3. The Joint Director of Agriculture is requested to submit necessary draft rule for the approval of Government.
